Describe Applicant's Condition to Justify Exemption:

Is there anyone in your household capable of rolling out your poly-kart?

Yes: _____ No: _____ Age: _____

Please note:

- An exemption will be approved only if it is determined that there is no one in the household able to roll the cart to the street, or that no one in the household is 62 years of age or younger.
- If the exemption request is approved, the city will provide garbage collection service in accordance with the following standards:
 - Collection will be once a week on the scheduled collection date.
 - Solid waste must be placed inside a 90 gallon rollout container in a location approved by the Public Works Department.
 - The city solid waste collector will roll the container to the truck, empty it, and return it to the proper place near the house.
- Upon receipt of this application, the city may verify the information furnished by you through a personal visit or by requiring a physician's statement.
- If approved, this exemption is valid one year from this date, and is automatically renewable if the circumstances remain the same.
