

On-Bill Financing Program for Electric Customers

Elberton Utilities will finance the purchase and installation of energy efficient improvements, weatherization upgrades, or heating, ventilation, and air conditioning (HVAC) systems for qualifying residential electric customers. The purpose of this program is to improve the health and environmental conditions of the community that we serve. Call 706-213-3278 for more information.

To qualify for the On-Bill Financing Program for Electric Customers:

- ◆ Must be a residential homeowner and electric customer of the Elberton Utilities
- ◆ Must be an owner-occupied or owner-approved residence
- ◆ Must have been a customer of Elberton Utilities for at least 12 months
- ◆ The customer's utility accounts must be current with no outstanding balance and must not have had more than one late payment within the past 12 months
- ◆ An inspection report by the Building Inspector of the City of Elberton must accompany the application for any weatherization upgrades, roofing repairs, or structural wood replacement stipulating the installation will meet applicable building codes

Upgrades and projects that are Eligible for Funding include:

- ◆ Qualified central heating and air conditioning equipment including natural gas furnaces. Repairs and replacement parts to existing units do not qualify.
- ◆ Programmable thermostats purchased in conjunction with new equipment listed above
- ◆ Home weatherization services such as installation of insulation, air sealing and caulking, and duct sealing and insulation
- ◆ Installation of new weatherization upgrades such as windows, storm windows, doors, or storm doors
